Branding and shelf-life corrections are owner-authorized. Technical measurements, study methods, results, and source revision dates are retained.

Approval scope: Distribution approval only; technical and legal claim approval is not asserted.

VertKleen

This client's pool filter was not cleaned for at least 6 months. Usually, this filter is cleaned with muriatic acid, which is hazardous and very corrosive.

However, now you can switch to the safe and highly effective, VertKleen HCR. It is non-fuming and non-corrosive, it will not harm you, your family or your pets! See BEFORE and AFTER, being sprayed with VertKleen HCR.
